

Introducing Board Director James Delgado

I have been an owner for the past few years and have enjoyed visiting the ranch since the early 1990's.

For those that don't know me, my background is in construction for the past 30 years and I own my own construction and painting company. I have 18 years' experience as a site superintendent for a large commercial construction company and I am well versed in all aspects of project management including: budgeting, contracting, purchasing and invoicing.

I work effectively with architects, engineers, developers, bankers, contractors, inspectors, and City officials responsible for working with contractors. I am currently a board member at the Bakersfield S.P.C.A. for the Facilities Committee, as well as the onsite Maintenance Supervisor.

Currently, I am the Chair of the Maintenance/Construction Committee. I also volunteer with the Adopt-A-Cabin program and am involved with the Horsemen's Club.

I consider the R-Ranch my second home and I will do anything to preserve and prolong the life of R-Ranch for generations to enjoy.

Over the past 30 years of visiting the ranch, I have seen changes in the ranch infrastructure, available amenities, and many staffing regimes come and go. I have always felt that we need to lead by example and be the change we want to see in the world. You can see examples of my work to improve the ranch by visiting our newly repainted adopted cabin #307, the new stair cases at 205A & 205C, and any of the newly refinished picnic tables at cabins throughout the ranch.
